

BE AWARE CALIFORNIA

The State of California has determined that R-134a, the refrigerant used in your car's A/C system, contributes to Global Warming.

Effective January 1, 2010, California law requires all purchasers of small containers of refrigerant marked for deposit and return to pay a \$10.00 per container deposit at time of retail purchase and return all purchased, used containers for recycling within 90 days to the retailer where purchased for a \$10.00 per container refund with valid proof of purchase.

It is illegal to destroy or discard used or unused small refrigerant containers under Section 95360 et seq. of the California Code of Regulations.

AT THIS TIME, THE DEPOSIT AND RETURN PROGRAM APPLIES TO SPECIALLY MARKED CONTAINERS AND ONLY IN THE STATE OF CALIFORNIA. Returned containers will be recycled and unused refrigerant recovered.
